

Federal Reserve System

§ 238.96

date the depository organization is acquired;

(h)(1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners' Loan Act (12 U.S.C. 1467a(a)(1)(F)) with respect to the service of a director of such company who also is a director of an unaffiliated depository organization if:

(i) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.

(2) The Board may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the Board.

(3) The Board may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period; and

(i) Any savings association or any savings and loan holding company (as defined in section 10(a)(1)(D) of the Home Owners' Loan Act) which has issued stock in connection with a qualified stock issuance pursuant to section 10(q) of such Act, except that this paragraph (i) shall apply only with regard to service by a single management official of such savings association or holding company, or any subsidiary of such savings association or holding company, by a single management official of the savings and loan holding company which purchased the stock issued in connection with such qualified stock issuance, and shall apply only when the Board has determined that such service is consistent

with the purposes of the Interlocks Act and the Home Owners' Loan Act.

§ 238.95 Small market share exemption.

(a) *Exemption.* A management interlock that is prohibited by § 238.93 is permissible, if:

(1) The interlock is not prohibited by § 238.93(c); and

(2) The depository organizations (and their depository institution affiliates) hold, in the aggregate, no more than 20 percent of the deposits in each RMSA or community in which both depository organizations (or their depository institution affiliates) have offices. The amount of deposits shall be determined by reference to the most recent annual Summary of Deposits published by the FDIC for the RMSA or community.

(b) *Confirmation and records.* Each depository organization must maintain records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

§ 238.96 General exemption.

(a) *Exemption.* The Board may by agency order exempt an interlock from the prohibitions in § 238.93 if the Board finds that the interlock would not result in a monopoly or substantial lessening of competition and would not present safety and soundness concerns. A depository organization may apply to the Board for an exemption.

(b) *Presumptions.* In reviewing an application for an exemption under this section, the Board will apply a rebuttable presumption that an interlock will not result in a monopoly or substantial lessening of competition if the depository organization seeking to add a management official:

(1) Primarily serves low- and moderate-income areas;

(2) Is controlled or managed by persons who are members of a minority group, or women;

(3) Is a depository institution that has been chartered for less than two years; or

(4) Is deemed to be in "troubled condition" as defined in § 238.72.

§ 238.97

(c) *Duration.* Unless a shorter expiration period is provided in the Board approval, an exemption permitted by paragraph (a) of this section may continue so long as it does not result in a monopoly or substantial lessening of competition, or is unsafe or unsound. If the Board grants an interlock exemption in reliance upon a presumption under paragraph (b) of this section, the interlock may continue for three years, unless otherwise provided by the Board in writing.

§ 238.97 Change in circumstances.

(a) *Termination.* A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or community, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) *Transition period.* A management official described in paragraph (a) of this section may continue to serve the depository organization involved in the interlock for 15 months following the date of the change in circumstances. The Board may shorten this period under appropriate circumstances.

§ 238.98 Enforcement.

Except as provided in this section, the Board administers and enforces the Interlocks Act with respect to savings and loan holding companies and its affiliates, and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of a savings and loan holding company is subject to the primary regulation of another Federal depository organization supervisory agency, then the Board does not administer and enforce the Interlocks Act with respect to that affiliate.

12 CFR Ch. II (1–1–16 Edition)

§ 238.99 Interlocking relationships permitted pursuant to Federal Deposit Insurance Act.

A management official or prospective management official of a depository organization may enter into an otherwise prohibited interlocking relationship with another depository organization for a period of up to 10 years if such relationship is approved by the Federal Deposit Insurance Corporation pursuant to section 13(k)(1)(A)(v) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1823(k)(1)(A)(v)).

(1) A distribution of cash or other property to owners of a savings association made on account of their ownership, but not any dividend consisting only of shares or rights to purchase shares; or
